This matter comes before the Public Service Commission of South Carolina (Commission) by way of a request from Aura Communications, Inc. By way of correspondence through Aura's attorney, the Company stated that it is in the process of negotiating agreements for interconnection with various local exchange carriers and Aura requests that it be allowed to file its interexchange tariff along with its local exchange tariff upon execution of those agreements. Aura was granted a Certificate of Public Convenience and Necessity to provide local exchange, exchange access, and interexchange telecommunications services and alternative and flexible regulation by Order of this Commission dated April 8, 2001.
